Vertical connecting posts lock door frames into place.

Removable window stops allow quick on-site replacement of glazing.

Pre-cut base plate and ceiling cap enhance ease of installation.

Vinyl covered hardboard or drywall panel surfaces are available in six standard colors.

Vertical connecting posts and framing are available in clear anodized, white or beige painted finish.

Window frames positively lock into vertical connecting posts.

Pre-finished panels arrive pre-cut from our factory and ready for immediate installation.

Solid polystyrene core offers excellent sound and thermal control.
