# SMALL OFFICE ALERT

Alert Triggered

Not Triggered

Protect:
- **Floor Offices**
- **Cafeterias**
- **Locker Rooms**
- **Lavatories**

Microwave sensors acquire forklifts, cushmans, scooters, or golf carts as they approach the doorway, warning pedestrians before they enter the aisle. The Office ALERT can flash left or right arrows, indicating which direction the oncoming traffic is coming from.

Preferred mounting would be at eye level on or near the door opening.

CAUTION

Forklift

Approaching

When Flashing
