Aesys
San Antonio, TX
Aviation Repair

coaesys2.jpg

Aesys provides contract repair work to the Air Force. Much of the work is done on Height-Right benches with hanging NW drawers and FlexWorks accessories. Tops are stainless steel.

coaesys3.jpg

Aesys also purchased bolting leg height-adjustable benches. The chairs came from Lista.

coaesys1.jpg

Variable angle shelves on the FlexWorks system have foam cut-outs.

coaesys4.jpg

coaesys5.jpg

FlexWorks FloorStands are used for shared tools and parts among workstations. At left is a bin carrier; the unit on the right has foam cut-outs for the various tools.
