Tools Required for Assembly

Assembling the Lista Storage Wall requires the following tools:

Sockets and Wrenches

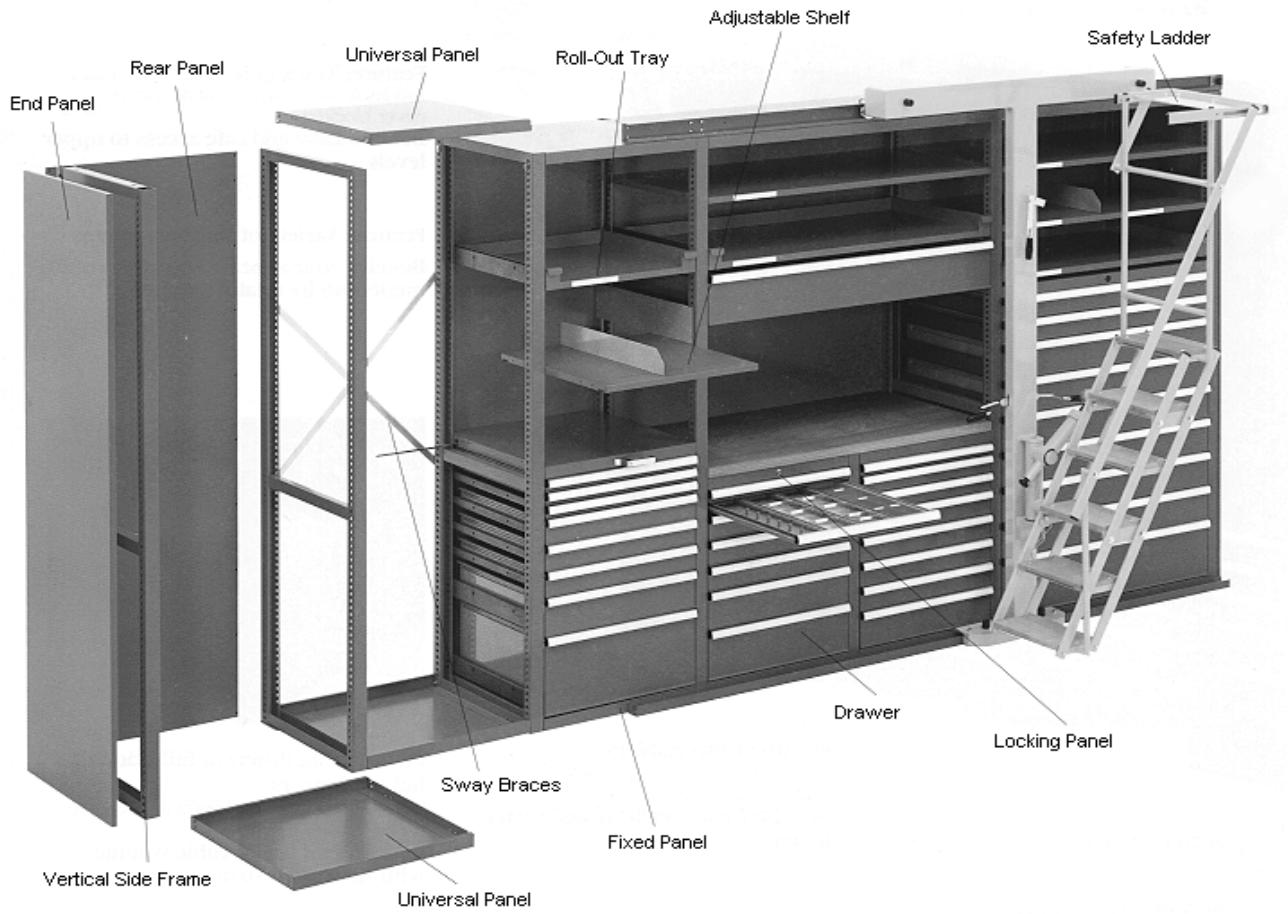

- ✓ 1/2" Socket and open end wrench
- ✓ 7/16" Socket and open end wrench
- ✓ 9/16" Socket and open end wrench
- ✓ 13mm and 19mm (for assembling the Safety Ladder)
- ✓ Adjustable Wrench
- ✓ 1/4" Allen Wrench
- ✓ 3/16" Allen Wrench

Drills and Drill Accessories

- ✓ Electric Hand Drill with 1/2" chuck and 5mm and 8mm Drill Bits (for installing the Safety Ladder)
- ✓ Electric Hammer Drill with 1/2" chuck and 5/16" and 3/8" Masonry Drill Bits (for anchoring the Storage Wall)

General Tools

- ✓ Pair of Gloves (for handling edges of sheet-metal and drawer U-Tracks)
- ✓ 3' Carpenter Level
- ✓ Chalk Line Reel and Chalk
- ✓ Measuring Tape
- ✓ Utility Knife (for opening shipping cartons)
- ✓ Carpenter Hammer
- ✓ Rubber Mallet
- ✓ Two awls to align holes (when attaching back panels to Storage Wall)
- ✓ 50' Extension Cord with 3-wire grounded plug
- ✓ Marker
- ✓ Crowbar (2')
- ✓ Two Step Ladders for installations higher than 78 3/4" (2000mm)
- ✓ Pliers (for installing Spring Clips)
- ✓ Snips or Diagonals to cut strapping

Recommended Order of Assembly

Before you begin assembling the Storage Wall, read through the assembly instructions to familiarize yourself with the order in which the parts are assembled. The following list shows the recommended order of assembly:

1. Attach the Bottom Universal Panels to the Vertical Side Frames
2. Attach the Top Universal Panels to the Vertical Side Frames
3. Attach the Rear Panels
4. Attach the Center Universal Panels
5. Install the Lock System (if purchased)
6. Move the Storage Wall to its permanent location, make sure it's level, and anchor it to the floor if necessary
7. Assemble and attach the Doors
8. Attach the End Panels
9. Install the Drawers, Trays, Roll-out Shelves, and so on
10. Attach the Safety Ladder (if purchased)

Refer to your unique drawing (supplied by Lista) for specific measurements.
