Height	31" (78.7 cm)	41" (104.1 cm)

support prop

Support Prop Extends to Stabilize Truck

Pushing the chime hook downward extends the support prop to hold the truck upright. Raise chime hook to engage drum rim, and the support prop retracts. Load

truck with chime hook engaged on rim (shown right). Prop is also used to support hand truck when dispensing (shown far left).

Moves Easily & Quickly Through Narrow Aisles

The operator easily pushes and turns while the truck bears the full weight of the drum on four 8" MORTUF polyolefin roller bearing wheels. Fits in any aisle the drum can fit. Hands are protected within the U-shaped handle.
