

**ADRIAN'S**

**SAFETY SOLUTIONS**

# SAFETY MADE SIMPLE

## WAREHOUSE SAFETY SOLUTIONS

Push-through prevention, work area protection and flue space compliance for warehouse storage arrays.

## SHIPPING & DRIVER SAFETY SOLUTIONS

Innovative cargo control for semi-trailers, vans and box trucks. Protect personnel, keep freight off the doors and keep your fleet compliant.

## CARGO CONTROL SAFETY SOLUTIONS

Secure your fleet with DOT and NACSS compliant cargo control for pickups, cargo vans, passenger vehicles and ATVs/UTVs.

# WAREHOUSE

## SAFETY SOLUTIONS

Adrian's Rack Safety Solutions products install in seconds, cost less and have more versatility than anything on the market. The warehouse safety product line offers simple solutions for push-through prevention, work area protection or for pick-and-pack operations. Adrian's Rack Safety Straps and Nets are made from high-tenacity webbing and feature specially designed hardware that can be attached to the existing pallet rack upright within seconds.

## ◀ **RACK SAFETY STRAP**

### **BN-RSS-XXXX**

The Rack Safety Strap increases the level of safety to your warehouse racking by keeping large, palletized or shrink-wrapped items from pushing through into the flue space or falling into a work area. It mounts quickly to the existing back of the rack with no retrofit needed. Removes for access in seconds. Safety yellow webbing for easy visibility. Standard sizes are available for 8, 9, 10, 12 and 13 feet bays. Custom sizes are available.

## **RACK SAFETY CABLE ▶**

### **BN-RSC-XXXX**

Perfect for the retail environment, the Rack Safety Cable adds a high level of safety to your warehouse store racking by keeping product from tipping into the aisle, potentially causing injury or death. Mounts and removes quickly to existing racking with no retrofit needed. Wire rope allows good product visibility.

**All Rack Safety Cables made to custom size to ensure a proper fit.**

## ◀ **RACK SAFETY NET FIXED**

### **BN-RSB-XXXX**

The Rack Safety Net - Fixed adds yellow mesh to the super-strong Rack Strap cargo webbing and hardware. This net adds a high level of safety to your warehouse racking by keeping large, palletized or shrink-wrapped items from pushing through into the flue space. It mounts and removes quickly to existing racking with no retrofit needed.

## **RACK SAFETY NET SLIDING ▶**

### **BN-RSN-XXXX**

Designed specifically for pick-and-pack operations, the Rack Safety Net - Sliding adds a high level of safety to your warehouse pallet racking system. This net adds versatility to the front of picking bays, as the net slides for easy access to product. The Rack Safety Net installs into existing racking in seconds with no retrofit needed.

## ◀ **END OF AISLE SAFETY STRAPS** BN-LRSS-XXXX

Provide end of aisle carton fall protection on your pallet racking with End of Aisle Safety Straps. The strap works like traditional end of aisle netting without all the complicated installation. The straps have a specially angled hardware that hooks right into all standard uprights – no tools needed. Protect aisle ways and works areas while reducing product loss with End of Aisle Safety Straps.

**All products listed are available for structural and Schaefer racking systems.**

**Ask your sales rep for these part numbers.**

Compliant to California Labor Code, Sections 9102(a) and 9102(b) and to NFPA fire code 230.

# Modular Safety Netting

**BN-MSN-XXXX**

Designed for walkway and work area product fall protection, Adrian's Modular Safety Netting installs quickly with no tools required. The modular design allows "stacking" or "tiling," so any space can be easily protected straight out of the box. Keep loose items or cartons from falling into a work space or aisleway with this industrial safety netting.

Code/SKU	Name	Width	Length
BN-MSN-94.25	Modular Safety Netting (8 ft. bay - 96")	60"	94.25"

SAFETY SOLUTIONS

# SHIPPING & DRIVER

## SAFETY SOLUTIONS

**FREIGHT SAVER**  
CARGO CONTROL SOLUTIONS

The Freight Saver product line offers several shipping and driver safety solutions for your fleet. Protect personnel, keep freight off the doors and keep your fleet compliant. With Freight Saver solutions you can improve employee safety, reduce damage and claims and eliminate dunnage.

## ◀ **FREIGHT SAVER TC**

**BN-0530**

Designed to eliminate trailer door accidents and contain floor stacked shipments easily, the Freight Saver TC offers total coverage for your freight. Separate loads for several stops and eliminate cross deliveries by using multiple nets. Features three points of adjustability. Made from 6,000 lb. tensile strength seatbelt webbing, PVC-coated polyester mesh and 10,000 lb. DOT certified cargo webbing. DOT and NACSS Compliant.

## **FREIGHT SAVER HN** ▶

**BN-0515**

Designed to work with horizontal e-tracks, the Freight Saver HN (horizontal net) will help to restrain and contain your shipments. The HN can also help separate deliveries and prevent cross deliveries by using multiple nets per load. Two points of adjustability allow you to restrain with as much or as little force as needed. Made from 6,000 lb. tensile strength seatbelt webbing, PVC coated polyester mesh and 10,000 lb. DOT certified cargo webbing. DOT and NACSS Compliant.

## FREIGHT SAVER DOOR SAFETY STRAP ▶

**BN-0551**

The Freight Saver Door Safety Strap keeps drivers and dock workers safe from falling freight when opening trailer doors. Simply attach to both trailer doors when first opening a trailer or container to keep the free door from bursting open. Straps stow easily in cab.

## ◀ FREIGHT SAVER XP

**BN-0520**

Designed to keep drivers safe from falling cargo when the door in trailers and box trucks is opened, the Freight Saver XP is the simple and easy answer to keep freight off the trailer doors. The XP attaches at the four corners with e-clips and self-adjusts so there is no guess work involved. Simply place the XP at the rear of the freight. For use with vertical e-tracks. DOT and NACSS Compliant.

## ◀ **FREIGHT SAVER DRIVER ASSIST STRAP** BN-0552

This strap helps prevent injuries and accidents while drivers and dock workers climb into and out of trailers. Connects to existing e-track and provides a simple, convenient handhold to make entry and exit easier and safer. Made from 6,000 lb. tensile strength seatbelt webbing.

## **FREIGHT SAVER SHIELD** BN-0540 ▶

The Freight Saver Shield eliminates wet freight on the rear of the trailer while increasing efficiency at the dock. This cargo shield easily stows in the back of the trailer and deploys quickly as a barrier between the freight and the door. This is an easy solution for a green initiative, as it reduces trailer plastic and the litter it leaves on the roads.

Freight Saver product specifications:

Code/SKU	Name	Weight	Width	Length
<b>BN-0501</b>	Freight Saver AR	6.5 lbs.	70"	46"
<b>BN-0515</b>	Freight Saver HN	3.5 lbs.	80"	32"
<b>BN-0520</b>	Freight Saver XP	6.5 lbs.	80"	72"
<b>BN-0530</b>	Freight Saver TC	9.7 lbs.	80"	84"
<b>BN-0540</b>	Freight Saver Shield	1.7 lbs.	102"	96"
<b>BN-0551</b>	Freight Saver Door Safety Strap	0.4 lbs.	2"	35"
<b>BN-0552</b>	Freight Saver Assist Strap	0.35 lbs.	2"	48"

# BEDNET<sup>®</sup>

## CARGO CONTROL SOLUTIONS

Secure your fleet with proven, DOT and NACSS Compliant, cargo restraints from Bednet<sup>®</sup> Cargo Control Solutions. Ensure all vehicle types in your fleet are compliant with laws regarding cargo securement. Bednet<sup>®</sup> offers cargo control products for the following vehicle types: pickup trucks, passenger vehicles, cargo vans work/utility trucks and ATVs/UTVs.

BEDNET®

CARGO CONTROL SOLUTIONS

## ◀ **BEDNET® ORIGINAL**

**BN-0101, BN-0102, BN-0103**

The ground-breaking design of the Bednet® Cargo Restraint System allows your crews to quickly and safely secure cargo in pickups. The integrated straps quickly adjust and conform to the load, holding it securely in place using the truck's existing anchor points.

## **BEDNET® INTERIOR CARGO RESTRAINT WITH MESH ▶**

**BN-0304**

This premium net keeps cargo safely in the back seat so drivers can concentrate on driving. This product provides painless installation into the seat posts at the bottom and seatbelt at the top. This restraint features a mesh underlay to keep even the smallest items contained. A carry case, two carabiners and two cam straps are included.

## ◀ **BEDNET® SUV & CROSSOVER BULKHEAD NET**

**BN-0345**

The Bednet® SUV and Crossover Bulkhead protects the driver from objects carried in the rear seats or cargo area during an accident or hard-braking situation. This net can be field installed in most vehicles in minutes, with no alterations required. To regain the full passenger functionality of the vehicle, the bulkhead disconnects in seconds and stows nicely in its carry bag.

## ◀ **BEDNET® ORIGINAL MINI**

**BN-0426, BN-0427**

The Bednet® Mini incorporates the ground-breaking design of the Original Bednet® Cargo Restraint System for use in UTV beds. The integrated straps quickly adjust and conform to your load holding it securely in place using existing or added anchor points.

## **BEDNET® CARGO VAN BULKHEAD ▶**

**BN-0323**

The Bednet® Bulkhead for Cargo Vans protects the driver from objects carried in the cargo area during an accident or hard-braking situation. Easy load visibility provides drivers with an added level of safety as shifted or spilled cargo can be identified before compromising the stability of the vehicle or spilling out the doors upon opening. This net can be installed in most vehicles in minutes, with anchor points normally needed only at the top.

## ◀ **BEDNET® UTILITY CARGO NET**

**BN-0272, BN-0275**

Bednet® Cargo Utility Nets provide a smart solution to secure cargo in utility trailers. Stow after each use or affix one end of the net to trailer with accessory carabiners, leaving the net in place. Secure by tie downs (not included.)

## **BEDNET® STAKE TRUCK NET ▶**

**BN-0713**

The Bednet® Stake Truck Net contains most cargo in the rear of stake bed trucks. It secures quickly to trucks sides or rub rails with six integrated commercial cam straps. This net is designed to be easily handled and adjusted by one person.

## BEDNET® ORIGINAL - JUMBO LONG ▶

### BN-0108

Specifically designed for service bodies, this jumbo net is quick and easy to install. The straps are integrated into the product design so they cannot be lost or detached from the unit. The coated hooks and super-tough nylon buckles will not scratch the vehicle. The Bednet® CRS is made of tough polyester seatbelt webbing.

Bednet product specifications:

Code/SKU	Name	Weight	Width	Length
BN-0101	Bednet® Original - Large (Full-Size Long Bed)	7.2 lbs.	63 in.	85 in.
BN-0102	Bednet® Original - Medium (Full-Size Short Bed)	6.3 lbs.	64.5 in.	65 in.
BN-0103	Bednet® Original - Small (Compact)	6 lbs.	56 in.	64.5 in.
BN-0108	Bednet® Original - Jumbo Long	8 lbs.	54 in.	124 in.
BN-0272	Bednet® Cargo Utility Net (6'x7')	5 lbs.	72 in.	84 in.
BN-0275	Bednet® Cargo Utility Net (7'x14')	9 lbs.	82 in.	168 in.
BN-0426	Bednet® Original Mini (36" x 48")	3.8 lbs.	48 in.	36 in.
BN-0427	Bednet® Original Mini (28" x 37")	3.1 lbs.	37 in.	28 in.
BN-0304	Bednet® Interior Cargo Restraint with Mesh	4.75 lbs.	39 in.	60 in.
BN-0323	Bednet® Cargo Van Bulkhead - Small	3.9 lbs.	50 in.	45 in.
BN-0345	Bednet® SUV and Crossover Bulkhead Net	4.45 lbs.	50 in.	45 in.
BN-0713	Bednet® Stake Truck Net - Large	16.75 lbs.	98 in.	124 in.

## ABOUT US

### **Warehouse Safety. Cargo Restraint. Driver Safety.**

At Adrian's Safety Solutions, our primary objective is to offer products that allow for a safer workplace environment at a reasonable price. Our three product lines include Adrian's Warehouse Safety Solutions, Bednet® Cargo Control Solutions and Freight Saver.

For more than 20 years our customers have been at the heart of our business strategy, and focusing on their needs and expectations has given us a strong portfolio. We've been fortunate to partner with companies that place value on employee safety, public safety and protecting their products.

We are proud to serve a variety of industries including manufacturing, transportation, oil and gas, construction, retail and warehousing. We enjoy partnering with customers to create custom solutions for unique material handling and cargo control needs.

**Let us help you make workplace safety simple.**
