

ECONOMY (E) SERIES LIFTS

The E Series lifts are our least expensive models. They are a robust design that fully complies with all applicable ANSI codes and they will provide years of service in applications that do not require the high production features of our P Series. They have many unique features that make them a superior value to competitor lifts.

SPECIAL FEATURES & BENEFITS

- ▶ Patented "Platform Centering Device" can double or triple the life of the lift.
- ▶ Wheels that are wider and larger diameter than competitors', therefore longer lasting.
- ▶ Roller pins are larger diameter than most competitors', therefore longer lasting.
- ▶ Plugs into 110V 15 amp outlet for easy installation.
- ▶ Power units produced in a UL listed panel shop for safety and reliability.
- ▶ Quiet 4 pole 1725 rpm motor for noise reduction.
- ▶ Steel reservoir for long life.
- ▶ Clear plastic vent return lines for oil free floors.
- ▶ Built in convenient safety leg for safe maintenance operations.

FEATURE DETAILS

▶ Platform Centering Device

▶ Safety Leg

▶ Power Unit

▶ Large Wheels & Pins

- ▶ Limit switches

MECHANICAL:

- ▶ Caster set either end, side or bottom mounted
- ▶ Fork pockets for either end or side access
- ▶ Wheel and dolly sets
- ▶ Bellow skirts
- ▶ Turntables

WARRANTY:

ADVANCE LIFTS (E) SERIES WARRANTY:

For a period of two years from date of shipment from the Company's plant, the company agrees to replace or repair any defective structural components. Electrical and hydraulic components are warranted for the first year only.

Company authorization must be obtained prior to the commencement of any warranty work. The Company reserves the right of choice between effecting repairs in the field or at the factory. If "E" series units are to be returned to the Company's plant, the customer will be responsible for freight charges to the Company's plant and shipment will not be accepted at the plant without a previously issued "return goods authorization". Advance Lifts will pay the freight charges for return shipments to the customer. The Company further reserves the right of final determination in all warranty considerations. Evidence of overloading, abuse or field modification of units without Company approval shall void this warranty. No contingent liabilities will be accepted.

OTHER LIFT SERIES:

Production (P) Series
250,000 Cycle Warranty

High Cycle (HC) Series
1,000,000 Cycle Warranty

Ultra High Cycle (UHC) Series
3,000,000 Cycle Warranty
