## Autoquip Freight Lifts VRC Products – Premium Line of High Travel Material Lifts, Including Both Hydraulic and Mechanical Designs

VRC Material Lifts are the most economical, dependable, and safe method of high-capacity freight movement. Because they are highly customizable, feature the smallest platform size and footprint possible, and travel up to 100 feet, Autoquip VRC Material Lifts can be customized to improve freight and goods transfer in any application and setting.

Our VRC Freight Lifts can be modified or customized to meet the specific requirements of your particular application, and each Freight Lifts VRC lift meets or exceeds the requirements of ASME B20.1 – Safety Requirements for Conveyors and Related Equipment.

## HYDRAULIC LIFTS

**Series 35  
Scissor Lift Table**  
Travel up to 60"  
Capacities up to 15,000 lbs.

**Series 35 Extra Narrow  
Scissor Lift Table**  
Travel up to 60"  
Capacities up to 6,000 lbs.

**Series 35 Rover Mobile  
Scissor Lift Table**  
Travel up to 48"  
Capacities up to 6,000 lbs.

**XLR Pan  
Scissor Lift Table**  
Travel up to 48"  
Capacities up to 4,000 lbs.

**Titan  
Scissor Lift Table**  
Travel up to 84"  
Capacities up to 15,000 lbs.

**Super Titan  
Scissor Lift Table**  
Travel up to 120"  
Capacities up to 85,000 lbs.

**Double Long  
Scissor Lift Table**  
Travel up to 60"  
Capacities up to 24,000 lbs.

**Double Wide  
Scissor Lift Table**  
Travel up to 60"  
Capacities up to 24,000 lbs.

**Coil  
Transfer Car**  
Travel up to 36"  
Capacities up to 30,000 lbs.

**Quad  
Scissor Lift Table**  
Travel up to 72"  
Capacities up to 150,000 lbs.

**Carousel  
Work Platform**  
Travel up to 96"  
Capacities up to 2,000 lbs.

**Vertical  
Ram Lift**  
Custom Travel and  
Capacities Available

**Bullet  
Lift**  
Custom Travel and  
Capacities Available

## TILTERS & TURNTABLES

**Tilters**  
Tilts up to 90°  
Capacities up to 6,000 lbs.
