

WELDVIEW & SAFETY/PRIVACY SCREENS

TUFF-SCREENS

The last one you will ever need to buy!

Heavy Duty Frames—The Toughest In The Industry

- 1-3/16" Extruded Aluminum
- Won't Bend/Wobble
- Corrosion-Resistant
- Easily Moveable
- Easy To Assemble
- Gussetted Corners
- Hinges Together
- Light Weight
- Durable
- Sturdy

Create your own work area with this very strong, light weight, 1-3/16" extruded aluminum frame made to stand up to the toughest shop environments. Frames hinge together (with optional hinge kit) or slide into desired position to make a very stable one piece barrier to protect against arc welding, grinding sparks or flame cutting. Welding/Safety Screens are easy to set up and arrange in different shapes to meet work demands. Optional casters are available to make it easy to move as one piece. Choose from multiple sizes.

**Weldview
Screens**

Unique under-over leg design allows adjacent panels to be placed at desired angles. Gussets provide exceptional strength and rigidity.

**Safety/Privacy
Screens**

Weldview Screens

- 14-mil Thick Colored PVC
- Blocks 100% UV Light
- Darker Weldview Passes Less Visible Light
- Grommet and Button-Head Screw Mount
- Finished Hems
- Passes CPAI-84 & California Fire Retardancy Tests
- Weld Spatter Resistant
- OSHA Approved
- Colors: Yellow, Red, Blue, Gray, Green

Join screens together with hinges to form a work area.

Prevent UV light from exiting when frames are joined together.

Put it on rollers for easier mobility.

Safety/Privacy Screens

- Non-See Through Barrier
- 14-oz. Reinforced Vinyl Coated Polyester Fabric
- Brass Grommet and Button-Head Screw Mount
- Meet NFPA-701 & California Fire Marshal Standards
- Finished Hems
- Mildew & Rot Resistant
- Colors: 12 Choices (see reverse side chart)
