

## Personal Safety Partition

Designed to separate areas of close contact between individuals and provide your guests or employees a safe and comfortable space to live, dine or work in.

### 1. Shield Against Airborne Contaminants.

Goff's Personal Safety Partitions prevent the spread of airborne contaminants and viruses, improving safety and comfort in your close-proximity spaces.

### 2. Minimally Intrusive Design

Our clear PVC design allows full visibility through the partition and creates a sound barrier between users, without being a distraction or focal point in your space.

### 3. Easy to Clean & Safe to Use

Our safety partitions are easy to clean and sanitize between uses, and meet USDA and NFPA 701 standards, making them the safest option to protect your space.

### 4. Quickly Shipped & Easy to Install

Receive your screen in no time and get it up and ready in minutes to maximize the safety & comfort of your space.

**Our food-grade PVC is antimicrobial, meets USDA guidelines, and NFPA 701 fire resistance standards, making it safe to use anywhere in your facility.**

54" W x 84" H Goff's Personal Safety Partition shown in restaurant application between tables.

### Minimally Intrusive

Our clear & minimally intrusive design allows full visibility through the partition, helping users feel safe and separated without impeding on your space's design or lighting.

### Easy to Disinfect

Our food grade, antimicrobial clear PVC makes sanitation quick and easy, maintaining a safe and clean surface on both sides of the partition for each and every user.

Safely create instant space separation.

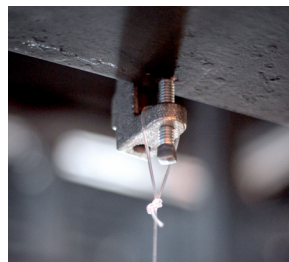

Goff's

## Quick Installation

Our quick turnaround time & multiple included mounting options ensure you can get your partition installed and keep your space safe and clean in a matter of days.

S-hooks mount to top rail, or use holes to mount to ceiling.
