

T-SPUR FOR COURIER VANLINES

Extendable gravity roller conveyor designed to meet parcel courier specifications for vanline flexibility.

VARIATIONS

TSPR comes with or without slide gate for application end to end

PRICE

No comparison

CONVEYOR TYPE/APPLICATION

Courier spec solution for vanline flexibility and expansion.

FEATURES/BENEFITS

- Rolled into place, and attached to vanline, the TSPR extends to 20' allowing ergonomic flow of boxes to mobile racking for last mile delivery
- Collapses to 12' and rolls out of the way when not in use
- Includes slide gate at infeed for transition from vanline to rack access level

MARKET COMPARISONS

TSPR is comparable to Lewco's *T-Spur*
