

RackMount®

Parts List:

RackMount

Goggles

Required Tools

1. Determine desired location for RackMount.
2. Install RackMount by pushing down on unit until it snaps onto rail. *See Figure A.*
3. Pull belt by holding belt end and pull across aisle to opposite rack. *See Figure B.*
4. Wrap belt around upright then slide belt end onto belt while making sure belt is tight and secure. *See Figure C.*
