Continental Machines, a manufacturer of machine tools and hydraulic components, uses Lista industrial workbenches with galvanized steel worksurfaces and the Nexus™ Accessory System in its machine shop. The benches provide employees with a durable, flexible and highly organized workspace with ample storage.

Lista Industrial Workbench Features

Rugged. Durable. Built to handle the harshest work environments. Lista’s industrial workbenches feature flexible standard components and can be cost-effectively custom-configured to meet the specific needs of your application.

Feature: Wide choice of above-worksurface accessories
Create task-specific configurations.
Benefit: Greater productivity and efficiency

Feature: Variety of worksurfaces
Durable tops come in a variety of sizes.
Benefit: Worksurface always appropriate to application

Feature: Removable lock core
Locks can be replaced in the field.
Benefit: Greater security, easy replacement

Feature: Ergonomic handles
When drawers are closed, handles are flush with housing so nothing protrudes. Drawer handles are located at top of drawer.
Benefit: Improves safety, appearance and ergonomics

Feature: Customizable drawer compartments
A wide variety of drawer accessories for maximum partitioning flexibility.
Benefit: Better organization, faster retrieval

Feature: Choice of pedestal sizes and styles
Wide variety of workbench support options.
Benefit: Customized to your needs

Feature: Heavy-duty welded leg
One-piece leg with bottom hole for optional leveling glides.
Benefit: Provides support for heavy-duty applications

Feature: Mobility
Cabinets and legs are available with casters.
Benefit: Work areas can easily be reconfigured, components can be moved to and from the work site
Lista’s rugged industrial workbench systems and their large variety of accessories can be configured to suit almost any application or working environment.

Sets of workbenches make maximum use of the available space in this machine tool room at the Mercedes-Benz Training Center.

Rugged Lista industrial workbenches stand up to the demands of the harshest environments. At General Hydrogen, a Lista bench with galvanized steel worksurface is used as a welding station. The double width cabinet pedestal allows the storage of welding rods in adjacent drawers. (For information on our full range of cabinet pedestal sizes, see our General Storage Catalog.)

Workbenches with bolting adjustable height legs allow this avionics repair facility to adjust the workbench height as personnel and usage change over time.
Heavy-duty Lista industrial workbenches combine with Lista stacked cabinets to create an organized, efficient workspace that stands up to the challenges of this marine emergency response company.

Magnum 2000, a manufacturer of precision-turned parts, equipped their Quality Control lab with heavy-duty industrial workbenches for pre-set equipment and the assembly and disassembly of manufacturing tools.

Sturdy industrial workbenches at the Con Edison Corporate Learning Center have rugged galvanized steel worksurfaces for extra durability. Specialized testing equipment and heavy-duty components on the worksurfaces enhance this durable, ergonomic workspace.
Easy-Order Industrial Workbenches

Easy-Order workbenches include MP Width (22 3/8" wide) cabinet pedestals (see page 45 for description). Customer-specified cabinet pedestals (shown in gray) must be ordered separately — for Easy-Order cabinet pedestals, see pages 40-41 for Narrow Width cabinets and pages 46-47 for MP Width cabinets.

How to order an Easy-Order Industrial Workbench

1. Select Easy-Order workbench configuration.

2. Select worksurface style. See page 31 for descriptions.

   - LTS = Lista Top
   - GLS = Galvanized steel
   - PLS = Plastic laminate
   - BTS = Butcher block

   All worksurfaces have a standard square edge and are 30" deep.

3. Select worksurface size.

   - 4830 = 48" long x 30" deep
   - 6030 = 60" long x 30" deep
   - 7230 = 72" long x 30" deep
   - 9630 = 96" long x 30" deep

4. Select paint color. For color chart, see back cover or below.

   - BB (Bright Blue paint)
   - BE (Beige paint)
   - BK (Black paint)
   - CB (Classic Blue paint)
   - FW (White paint)

   EXAMPLE: to order a WB1201 workbench with a 72" long plastic laminate worksurface and Bright Blue paint, the part number would be WB1201-PLS7230BB.

5. Select cabinet pedestals (for WB03xx and WB06xx configurations). For Easy-Order pedestals, see pages 40-41 for Narrow Width cabinets and pages 46-47 for MP Width cabinets.

   EXAMPLE (CUSTOMER-SPECIFIED CABINETS): to order a WB0300 workbench with a 72" long plastic laminate worksurface, and an MP0750-0601NA cabinet pedestal with Bright Blue paint, the workbench part number would be WB0300-PL57230BB, and the cabinet part number would be MP0750-0601NA-NBRGBB.
