### LIGHT-DUTY MOBILE CABINET

The light-duty mobile cabinet, with its drawers that open 100% for full access, has a reliable ball bearing slide system on the drawers. In addition, it is very easy to add dividers and plastic bins to allow the user to create the perfect drawer layout for their specific needs. Each drawer has a 100 lb capacity.

Designed for intensive use, the cabinets are offered in 18" width and 21" depth; two heights are available, 28" and 34". In addition, you can create a single, double or triple cabinet. In the three cases, the casters are high quality industrial grade, making a solid and reliable work cabinet.

Presented here are some of the most popular light-duty cabinet models.

Additional accessories : dividers, folder hanging bars, plastic bins, etc.;

The 12" drawer is designed to hold legal-size file folders. For letter-size folders, order WSC01-18 bars;

Standard L3 locks are included with all drawers and doors;

Doors are factory installed with the hinges on the right side. They may be installed on the left side, upon request;

Compatible with L1 locks; contact your customer service representative.
