Your Quality Solution

Infinitely Flexible Solutions for Your Organization

ARE YOU SHORT ON SPACE AND TIME?

With Rousseau solutions, you can save a considerable amount of space while increasing the productivity of your employees.

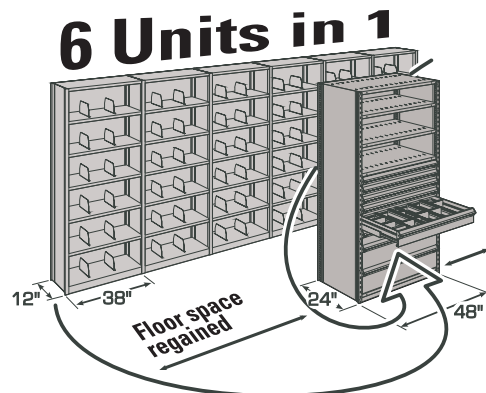

At Rousseau, we know that time is money. We also realize that space is a valuable commodity. Since you handle parts of varied sizes and shapes, you need a solution that is both adaptable and cost effective.

We offer a complete and integrated storage solution for your parts, no matter what their shape or size. Our drawers in shelving system, specialized racks (for mouldings, bumpers, exhaust pipes, tires, etc.), and our workstation system are all adapted to your reality, the automotive industry.

For small parts

Did you know that the contents of 6 shelving units (38" W X 12" D) can all be stored in one Rousseau shelving unit with drawers that are 48" W x 24" D? When you add drawers to your shelving, you can recuperate up to 50% to 70% of your storage space. You will also be able to find your parts quickly thanks to our partitioning and labeling accessories. Great savings that will fulfill all of your expectations!

Main Advantages :

- More parts stored in the same space;
- Less time spent searching for parts;
- Less time your mechanics spend waiting at the service counter;
- More time for vehicle maintenance;
- More time for your customers!

Rousseau drawers add value to your existing equipment. They can be installed in more than 35 brands of shelving on the market.

For Medium and Large Parts

Our shelving with adjustable shelves (every 1" c/c) and Mini-Racking are available with accessories designed for your needs. Some of these include our bumper and pipe racks, sheet metal racks, tire racks, battery racks, bumper cover racks, moulding racks and more.

One Solution for a Multitude of Applications

For the past 50 years, we have been experts in workspace storage and organization. Through our numerous accomplishments, we have acquired much expertise in parts departments. This is our guarantee to you that our product line can respond to the strictest criteria.

The strength of our system is that it adapts to your environment and evolves with your needs. With the numerous dimensions and accessories offered, you can create your own customized layout to complement the structure of your building.

SMALL AND MEDIUM PARTS STORAGE

DRAWER BENEFITS

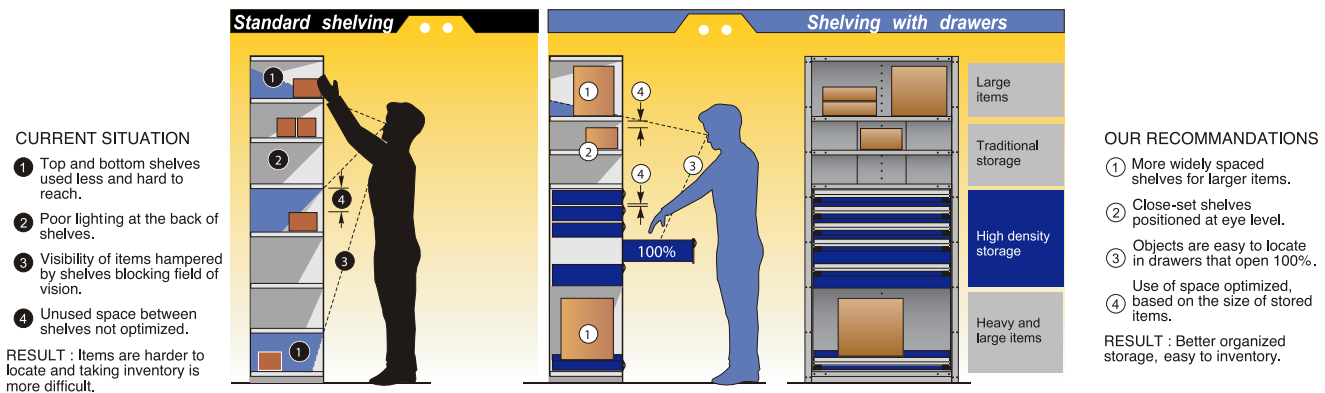

With the Rousseau solution, you eliminate problems such as poorly-lit, under-used shelving and lost and misplaced items caused by inadequate storage. Let us help you organize your parts!

The Rousseau drawer is the ideal solution for the storage of small parts and high-turnover items. With this system, a wide variety of parts can be stored and readily accessible while maximizing the use of available space. This decreases the amount of time walking to get your parts, so you also save valuable time.

To maximize the possibilities of the system, use the drawer for all parts measuring 4" W x 4" H or less (Ex.: spark plugs, lightbulbs, oil filters). This way, there is no wasted space behind your shelves. By maximizing the use of your drawers, you will recover up to 70% of the space where shelving alone is used.

How can you economize by using drawers?

- By using the total height between the shelves.
- By using the entire depth of the shelving.

Shelving with Drawers

As storage specialists, we recommend using shelving with drawers for small and high-turnover parts. The Rousseau drawer can be installed in more than 35 brands of shelving on the market, allowing you to keep your existing shelving while benefiting from increased storage capacity.

If you are planning a new installation, our Spider® Shelving system is the most integrated and adaptable product of its kind on the market. The unique design makes it easy to assemble and easy to use.

Drawer Accessories

Our drawers come with a wide array of accessories, all of which are compatible with each other, facilitating the organization and identification of parts. We have an accessory to accommodate the storage of parts, no matter what their shape or size!

Partition and Divider

We offer you partitions in width and in depth, as well as "clip-in" drawer dividers.

- Our compartment system holds the dividers in place (they are clipped in without screws) and reduces noise caused by vibrations.

Product # RG00 / RG01 / RG10

Label Holder for Drawer Divider

Our label holders offer many advantages :

- The transparent, matte-finished plastic eliminates glare. Labels are easy to read.
- Once clipped in place, it adheres well, and does not come off when retrieving objects.
- It is equipped with a fold that protects the label from damage.

Product # RG51

Note : Paper strips are available in packs of 200 (RG53).

Plastic Bin

Our plastic bins simplify the storage, transport and inventory of your small parts.

- The edges are angled at 45° for easy removal and identification of parts.
- They have been specifically designed for 3" and 4" drawers.

Product # RG20

Note : Partitions and dividers also available (RG22 / RG24).

Label Holder for Plastic Bin

This label holder has an adhesive strip for installation on plastic bins.

- It can also be installed to the back of drawers for identification of the last compartment.
- It is made of non-reflecting, clear plastic, which makes it easy to read, and is equipped with a fold to protect the labels.

Product # RG52

Note : Paper strips are available in packs of 200 (RG53).

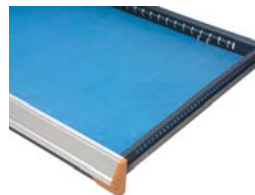

Foam for Tools

This oil-resistant and non-absorbent foam ensures that missing tools can be located quickly.

- It is also ideal for specialized tools.
- The blue foam is 1/4" thick and the black self-stick foam is 1/2".

Product # RG42

Note : Sold without cut-outs.

Foam for Protection

This 1/4" foam protects stored material from impact and friction (metal against metal).

- Oil-resistant and non-absorbent.

Product # RG41

SPECIALIZED STORAGE

A SOLUTION FOR EVERY NEED

How can you store mufflers, bumpers, body parts, batteries, tires and other parts of varied shapes? The solution is simple : Rousseau specialized storage units. These storage units provide efficient and orderly organization of your parts department.

- Numerous dimensions and a large number of accessories available;
- Complete system that adapts perfectly to your environment.

Important : For an add-on unit, complete the product number with **A**.

Hanging Rack for Various Parts

Perfect for hanging exhaust pipe and all other types of objects.

- The rack is available with 1 or 2 rails and includes hooks.
- 3 steel decking levels accommodate storage of bulky parts.
- Extra hook (SR63-02).
- Offered in heights of 75" (1) and 87" (0).

Height : 1 , 0
Ex. : SRP_405

W" x D" x H"	# of rails (hooks)	Product #
60" x 36"	1 (15)	SRP_405

Record Storage System

Save 10% - 15% more space than if using other similar products on the market.

- Designed with the popular sizes of record storage boxes in mind.
- Up to 80 box capacity.
- Shelving and Mini-racking are available in many dimensions. Contact our specialists.

Some Accomplishments

For many years now, we have worked on solutions to help you achieve maximum efficiency in your parts stores. You can count on us no matter what size your store is, or what obstacles you are faced with. We have the solution you need!

MEDIUM AND LARGE PARTS STORAGE

MUCH MORE THAN A SIMPLE SHELVING

Our Spider® shelving system is perfect for most requested items, special orders, as well as parts under warranty. Its unique design guarantees easy configuration and easy to add accessories.

- The only system that allows you to alternate the use of shelves (medium parts) and steel decking (large parts).
- Our common post reduces the number of posts needed by 25%, leaving more space for storage.
- When planning tomorrow's needs today make Spider® shelving the foundation for your two-level shelving system.

See pages 18-19

Shelving for Medium Parts

Spider® shelving surpasses industry standards. You will appreciate its design when you discover how easy it is to reconfigure. It is also characterized by its sturdiness and the vast array of accessories available.

- Adding drawers gives you a combined storage system that allows you to store both small and bulky parts
- Box type shelves adjust at every 1" c/c.

Shelving Accessories

With our shelving accessories, you can take full advantage of all available space and also resolve your storage challenges. Our post has 7 fixing zones for many different applications.

Perforated Panel

With the perforated panel, you can make the most of unused space at the end of aisles.

- It is ideal for belting or any part that needs to be hung.
- The holes are spaced 1" c/c, giving you many possibilities when configuring your hooks.
- Used with the WM hooks below.

Product # SH38

Vinyl Rub-on Identification Decal

This self-adhesive film allows you to easily identify where tools are to be positioned on the perforated panel.

- The contrasting color helps you to quickly locate your tools and to see if any tools are missing, and which ones are missing.
- Sold in rolls 2' wide x 8' long.

Product # WM91

Our Hooks

Our hooks can be used to store many different parts, tools and accessories.

- They are compatible with most panels currently on the market (holes are 1/4" in diameter), in addition to Rousseau perforated panels.

Product #
WM94 / WM95 / WM96 /
WM97 / WM98 / WM99

Shelf Divider

Shelf divider is utilized to subdivide shelves and stored items.

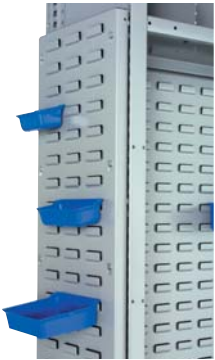

- The dividers are installed without tools and are easily reconfigured.

Product # SH50 / SH52

MEDIUM AND LARGE PARTS STORAGE

Shelving Accessories

Louvered Panel

With the louvered panel, you can store parts that you need close by and make the most of the space available on the sides or inside shelving.

- The panels can be used for hanging RG20 bins and are compatible with all plastic bins equipped with a hanging lip that are available on the market.

Product # SH65 / SH66

Plastic Bin

Our plastic bin makes storing, moving, and inventory of small parts easier.

- The edges are angled 45° for identifying contents and easy removal of parts.
- Compatible with louvered panels SH65 / SH66.

Product # RG20

Note : Partitions and dividers also available (RG22 / RG24).

Door and Glass Door

Rousseau doors are designed for shelving with or without drawers. The doors keep your items secure from theft, dirt and dust.

- They are ideal for the protection of valuable parts such as car radios or promotional items.
- The doors open 180° with recessed lock and handle.

Product # SH40 / SH42

Flipper Door

Perfect for safe storage of small quantities and for storing confidential files.

- The 14" H door allows storage of folders with tabs. The 16" H door will allow you to store binders.

Product # SH85

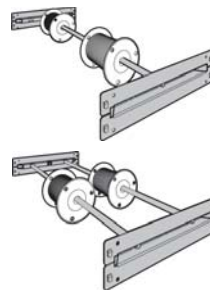

Spool Support

The design allows for pivoting of the bar to facilitate changing spools.

- The bars have a 50 lb capacity and are 3/4" in diameter (compatible with most spools on the market).

Product # SH72

Label Holder for Shelf

It is available magnetic or self-stick and has a wide surface so it adheres well to the shelf.

Product # SH81 / SH82

Note : Paper strips are available in packs of 200 (RG53).

Label Holder for Beam

The label holder is designed to attach to Mini-Racking beams. It enables identification of parts with the self-adhesive labels (supplied by the customer).

Product # NC32

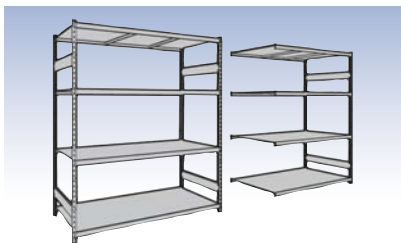

Mini-racking for Large Parts

Mini-Racking with Choice of Platforms

Steel

To order a unit with steel shelves, complete the product number with an **S**.

SRE5127S

SRB5127S

Wire

To order a unit with wire shelves, complete the product number with a **W**. Available for units 48", 72" and 96" W and 24", 36" and 48" in depth.

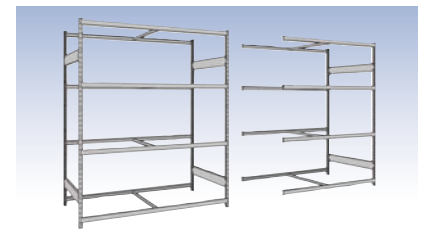

SRE5127W

SRB5127W

Wood

To order a unit without decking (Ex. : for use with wood, panels) leave the number as is.

SRE5127

SRB5127

Mini-Racking is designed for storing heavy and bulky parts. Its many dimensions (W" x D" x H"), combined with a choice of decking, make it possible to have a custom configuration tailored to your own needs.

Rousseau offers 3 possibilities : steel decking, wire-mesh decking, and wood decking.

Note : The steel decking has a greater capacity than wood.

Note : Wire decking reduces fire hazard.

Important : For wood decking, Rousseau supplies the structure, uprights and beams. The decks must be supplied by the customer.

How to Order

When ordering, model numbers must be completed as follows :

Example : SRD5001S

For a starter unit with bolted uprights, including steel decking.

TWO-LEVEL SHELVING SYSTEM

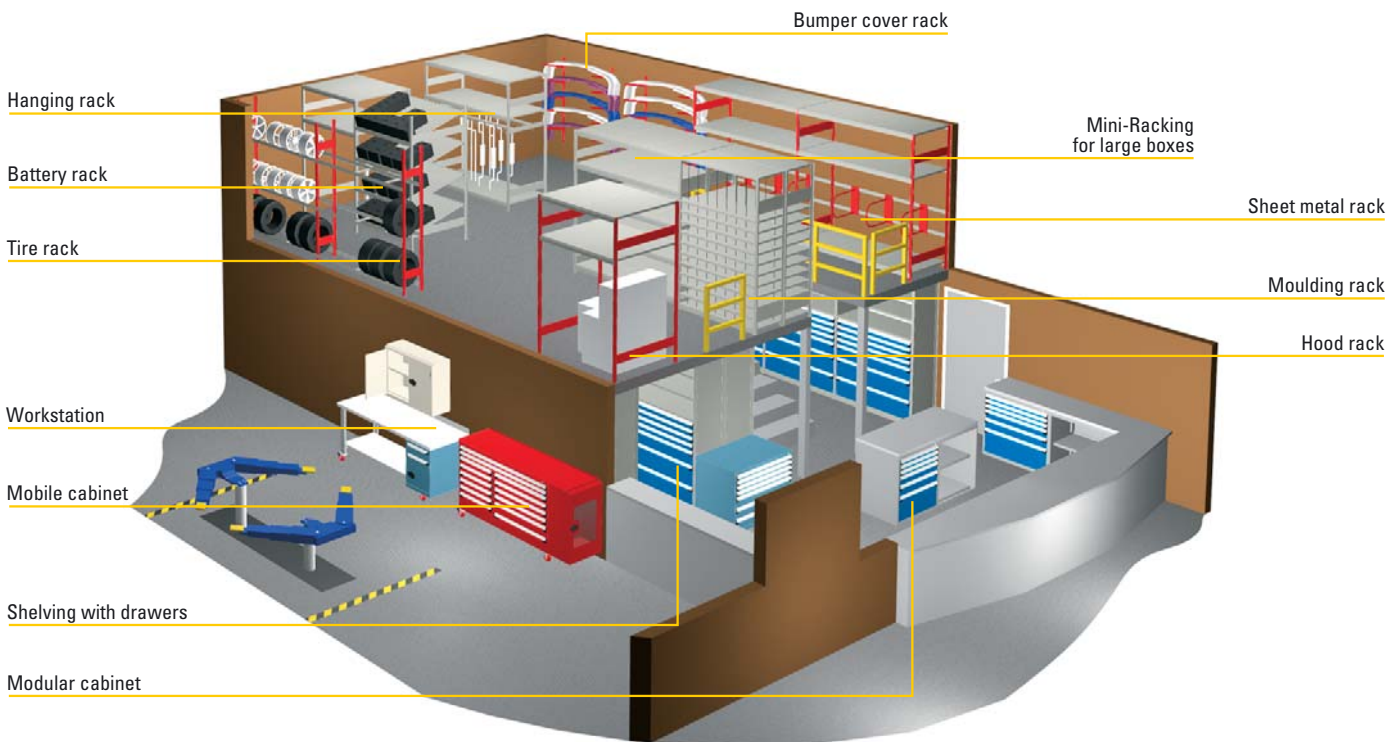

SHORT ON SPACE?

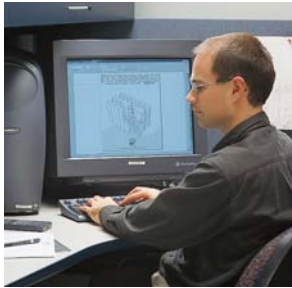

Are you experiencing a lack of Space?... Before building on an addition, consider Rousseau two-level shelving.

Our specialists will suggest solutions that will avoid obstacles at your establishment such as beams, columns, doors, ventilation ducts, building structure and sprinkler systems.

Our system maximizes your storage possibilities by combining shelving, (with or without drawers), Mini-Racking and specialized storage (tire and battery racks, etc.).

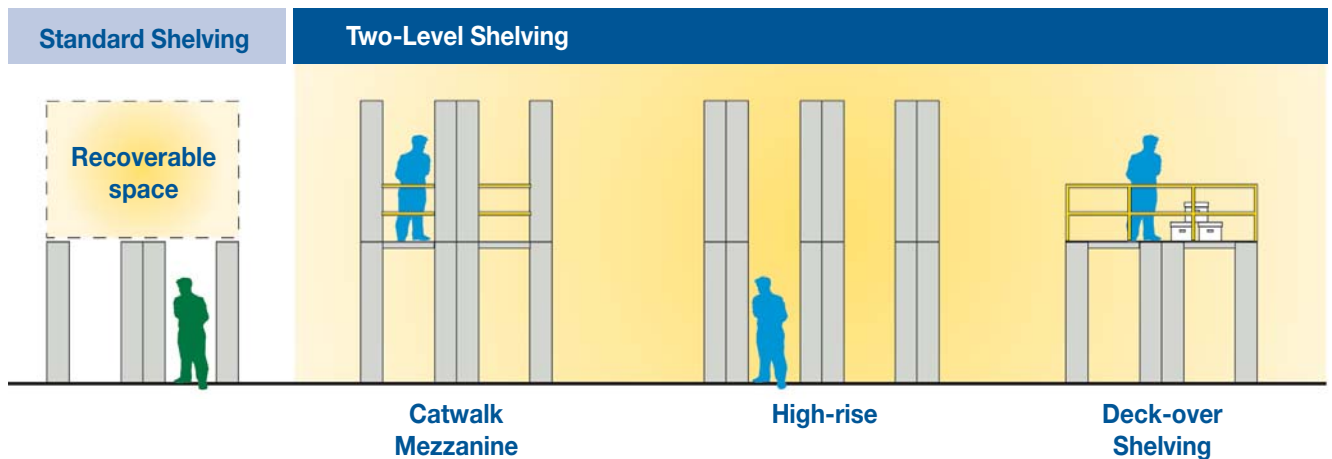

Expertise that leaves nothing to chance

The two-level shelving system is subject to standards and recommendations in earthquake-prone regions.

The Rousseau team is available to assist you in determining your shelving and sway bracing for two-level shelving system projects.

Call us, and our experts will evaluate your requirements and specifications to deliver a system that will respond to your needs.

SERVICE COUNTERS AND WORKSTATIONS

Our Workstations

Whether you add cabinets under your service counter, install a worksurface to your shelving, or add a workstation, Rousseau solutions will optimise the use of your workspace.

With their heavy-duty and ingenious design, our workstations will meet all of your expectations. Thanks to their adaptability, they can suit your needs for computer stations, key duplicating, packaging and shipping, and much more.

Our workstations offer unlimited layout possibilities, both above and below the worksurface. Plus, with the vast range of accessories available, the workstations can be configured to suit any need. Let us show you the possibilities!

Workstations

Basic Workbench

A high-quality bench that offers numerous dimensions and work tops.

- For a stationary table, complete with an **A**
- For a mobile table, complete with a **W**.

Type of Top

Rousseau, a company with experience

For over 50 years, we have worked together with many different types of companies, recommending workspace storage and organization solutions. Through the years, we have earned a reputation for excellence in North America with large-scale companies in manufacturing and automotive industries, wholesalers, and government.

Our continued success can be attributed to our dynamic product development, values and attention to quality and detail. Our customers are at the core of every decision and we endeavor to ensure that this emphasis on customer service carries through from our informed suggestions to the products.
