FACILITY ASSET PROTECTION

**WE
HAVE
GATES**

Protecting The Supply Chain.

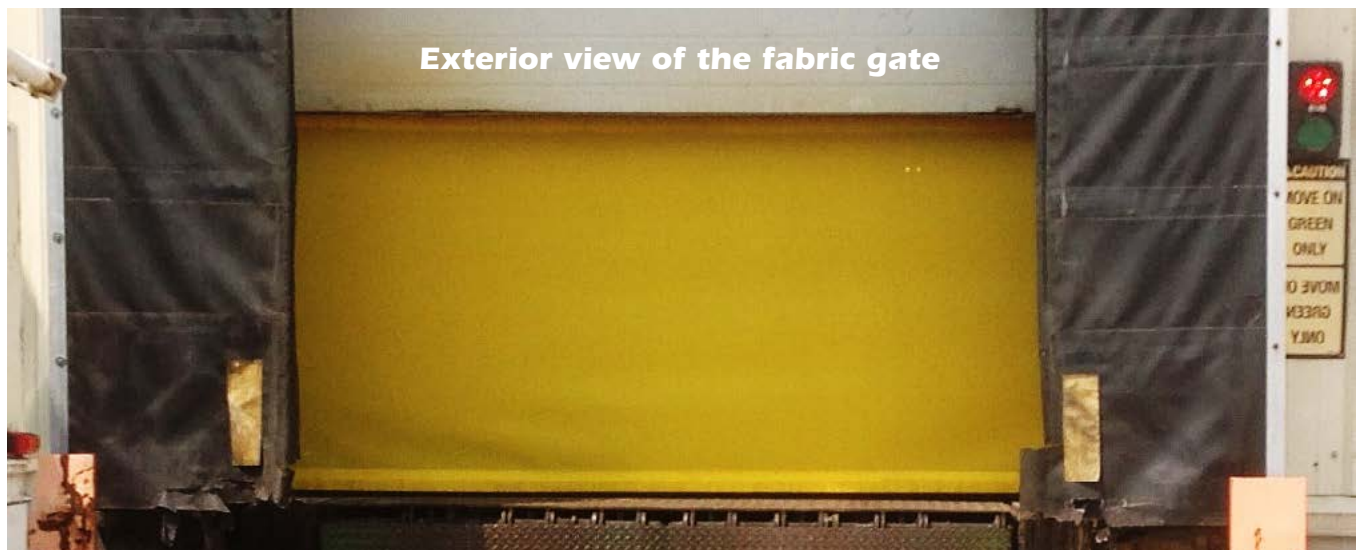

Fabric Savety Gate

Interior view — Looking outside through the fabric gate

Our Fabric Savety Gate is perfect for dock doors that are often open. The Fabric Gate protects against unwanted visitors, insects, birds, and debris from entering the work area while allowing air to flow through. Our design allows for easy operation, requiring just 3 lbs of pull force to extend the gate. A locking feature prevents unwanted entry and theft.

- Accommodates doors from 8' – 16'
- High visibility
- Breathable fabric lets air circulate
- Small gap at base of the gate
- Easily retracts, requiring only 3 lbs of pull force
- Ratchet mechanism controls tension
- Locking feature included to prevent unwanted entry
- 48" tall — meets OSHA guidelines for fall protection
- Impact rating — 1000 lbs @ 4 M.P.H.

Exterior view of the fabric gate

Dock Gates

Rotating gates: widths from 4' to 14'

Open dock

Exterior View

Rotating Dock Gate

Provides security, creates awareness and fall protection.

- Mounts over a 42" tall bollard which is required.
- Choose widths from 4' to 14'.
- Install two gates to meet in the center to accommodate space restrictions if needed.
- Add an optional bollard with eyelet at the opposite end for security.

Rolling Dock Safety Gate

Permits safe access in and out of the loading dock area with easy access and no lift and pinch hazards.

- Available in 8', 10', and 12' sizes
- Durable 1.66" O.D. steel
- Powder coated safety yellow
- OSHA 1910.29 compliant for fall protection
- Rolling design eliminates lifting and pinch hazards
- Mounting hardware optional
- Locking caster design reduces drift
- Easy installation – anchor base in minutes and you're done.

Dock Stop Lite

Slide Bar Handle and Locking Pin

CREATE A REAL BARRIER

- Stop fork trucks from driving or backing off the dock
- Dock Stop includes two rotating arms
- Includes two 42" bollards with 10" x 10" x 1/2" base plates
- Locking slide bars with locking pin
- Impact rated for 4000 lbs at 4 mph
- 8', 9', 10', 11' and 12' door sizes in stock
- Built in height-levelers, so arms meet in the middle every time
- Powder coated safety yellow
- Include reflective 'Stop' signs

Dock Stop Heavy Duty

OUR STRONGEST DOCK GATE EVER! DOCK STOP **HD**

- Oversized 12" x 12" x 5/8" base plates with gussets for strength
- No pinch points when gate is closing
- 5" steel posts powder coated steel caps
- Robust 1" pins support gate arms
- Adjustable wrap around plate bolts to post to support gate arms
- Reinforced cross bar for strength behind panels
- OSHA compliant at 42" tall
- Impact rating — 10,000 lbs. @ 5 M.P.H.
