

# Roundtangular Convex Mirrors

## **OUTDOOR ROUNDTANGULAR MIRRORS**

Our Outdoor Roundtangular Mirrors are designed to fit into lower clearance areas that still need a view comparable to our standard convex mirrors. These mirrors are used in parking garages, loading areas and blind spots near machinery. The treated hardboard back and re-enforced vinyl trim protects this mirror from the elements. Our Roundtangular Mirrors are also available with a weatherable ABS backing for added protection from the elements.
