

Safety Border Convex Mirrors

Our line of Convex Mirrors with our second surface printed Safety Border draws attention to the mirrored viewing area. These mirrors work well in loading dock areas where a standard mirror tends to blend into the background when a forklift exits a trailer. Safety warnings are generally displayed using the universal black and yellow colors, giving this mirror attention by instinct.

INDOOR CONVEX MIRRORS

Convex detection mirrors are your first line of defense against theft and pilferage. Each increases visibility and eliminates blind spots. Mirrors are lightweight, fade-proof, and unbreakable with top quality silvering and provides the widest angle of vision. Second surface printing protects the border from scratching or discoloring. Indoor mirrors are also an excellent choice for plant safety, reception areas and industrial applications.

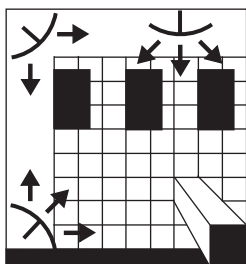

MFG#	DESCRIPTION
CVI-18SB	Indoor Acrylic Convex Mirror with Border, 18"
CVI-26SB	Indoor Acrylic Convex Mirror with Border, 26"
CVI-30SB	Indoor Acrylic Convex Mirror with Border, 30"

OUTDOOR CONVEX MIRRORS

Convex detection mirrors are your first line of defense against theft and pilferage. Each increases visibility and eliminates blind spots. Mirrors are sturdy, fade-proof, and unbreakable with top-quality silvering and provides the widest angle of vision. 20% brighter than glass mirrors. Outdoor mirrors have weatherproofing to protect against the elements. Mounting hardware included.
