

HEAVY-DUTY INDUSTRIAL STORAGE + WORKSPACE SOLUTIONS

MADE IN THE U.S.A. WITH PRIDE

CUSTOM SOLUTIONS

Everything we make can be customized. Strong Hold's custom design and build capabilities have earned us the reputation for creating innovative solutions to complex storage challenges. Don't see what you need, send us your specs for sizing, add a light, change the top, the possibilities are literally endless.

QUICK SHIP

See the red truck next to an item? This means the unit is kept in stock and typically ships within 3 days of the order. Made-to-order items vary. See Sales Associate for more information.

NO ASSEMBLY REQUIRED

At Strong Hold our products ship completely assembled and ready to use. There is no lost time for assembly, shelving installation, setup or on-site modifications which saves you valuable time and resources.

STAINLESS STEEL

Every unit we manufacture can be produced in 12 GA #304 stainless steel. We have taken stainless steel storage to another level by producing products that will last forever while maintaining the clean-ability of stainless steel surfaces. These items are corrosion-resistant, acid-resistant, and will take the everyday abuse of an industrial environment.

SAFE + SECURE

Our 3-point locking system is designed for a heavy padlock. This feature, along with our cast handle and 8 GA hinge, compliments the 12 GA welded design. See our other secure locking options.

EXTREMELY DURABLE

Everything we make starts with high strength 12 GA Steel. It's then precision cut with a laser, formed, welded, steam-cleaned and coated to produce a solid, strong and dependable industrial storage solution.

COST EFFECTIVE

Buy once. Why go with a lighter gauge option when you will need to replace the unit in a short amount of time? Strong Hold Products are built so well they typically last a lifetime. Most importantly, they hold up to the harsh environments you put them in.

TEAM SERVICE

We are here to help. Our experienced and knowledgeable sales and customer service teams have decades of experience in industrial storage and are backed by a nationwide network of material handling dealers. Have a question? Give us a call or email us @ info@strong-hold.com.

OUR GOAL

In 1993, we set out to design the ultimate industrial storage product. Our vision was to manufacture a product capable of withstanding the treatment common to an industrial environment. Included in this vision was the need to securely store heavy tools and valuables.

Strong Hold Products is the realization of this vision. Our storage cabinets, lockers, shop desks, and related products are the strongest, most secure in the marketplace. Our products can be found in manufacturing, warehousing, pharmaceutical, financial, and educational facilities throughout the U.S.

Our determination doesn't stop here. We continue to meet the ever-changing needs of the most important people we know, our customers!

Strong Hold Products is committed to achieving total customer satisfaction. By implementing and maintaining an efficient, effective quality management system, and by a continuous improvement of our manufacturing processes, as well as providing ongoing training of our employees, our dedication to understanding our customers' needs is represented in the products we put out to market.

- 4** Adjustable shelves, 14 GA steel. *(Shelf capacities listed are based on uniform loading.)*
- 5** Shelves attached with 3/8" carriage bolts.
- 6** 3-point locking device, 3/8" latch rod, 3/16" latch plate, 9/16" hole in handle and handle stop to accommodate up to 1/2" padlock shackle.
- 7** Flush bottom - 12 GA steel.
- 8** Cast handle, padlock tang, 3/8" angle receiver.
- 9** 8 GA hinge leaf, 5/16" hinge pin, 3/4" receiver.
- 10** Our products are shipped completely assembled and ready to use.

12 GAUGE STEEL IS SIMPLY STRONGER

The chart below shows the difference in thickness between Strong Hold's 12 GA body and lighter GA steel.

ABOUT STRONG HOLD PRODUCTS

DURABILITY IN THE WORKPLACE

Strong Hold is dedicated to providing the most durable industrial products available today. 12 GA steel is laser-cut, formed, welded steam-cleaned, and then coated and baked to produce a solid, strong, dependable, long-lasting unit. Our products are designed to withstand years of industrial abuse and tough treatment.

EASY TO BUY

Our production methods allow us to pass savings on to you. Strong Hold products are comparably priced to lower-grade “light gauge” steel products, yet provide a far more superior, lasting product. There are no minimum order quantities and we sell through a nationwide network of dealers and distributors making finding the right solution easy.

FULLY ASSEMBLED

The term “all-welded” indicates that the products are not bolted/riveted together. Our products are shipped completely assembled and ready to use. There is no lost time for shelf installation or setup.

SAFE AND SECURE

Our 3-point locking system is designed for a padlock, paired with a cast handle and 8 GA hinges, make Strong Hold products not only the strongest, but also the most secure.

HELPFUL HINTS

DIMENSION LISTINGS

Dimensions listed are considered outside of the unit unless otherwise stated and are rounded to the nearest inch where applicable.

QUICK SHIP

Many products are available on a “quick-ship” basis  indicates stock items. Stock items ship within 3 days.
Limited supply on larger quantities

BUY ONCE

The last thing you want to worry about is a storage cabinet or workspace unit failing. Not only do we build quality products but we build them to last. This ensures you won’t have to worry about a Strong Hold product, they stay in use longer than most people do.

KNOWLEDGEABLE SERVICE TEAM

We’ve been doing this a long time. Have a question? We have the answers. Contact us at 800-880-2625 or at www.strong-hold.com.

LOAD CAPACITIES

Load capacities listed in the charts are based on uniform loading.

CUSTOM CAPABILITIES

Everything we make can be made in custom sizes and colors.

STAINLESS CAPABILITIES

Everything we make can be made in stainless steel.

COATING OPTIONS

COLOR OPTIONS

Our standard stock color is #10 Dark Gray. The colors, listed below, as well as your choice of color is coated using our wet spray baked on enamel finish. Simply provide us with a RAL# and we can match any color. Additional fees may apply.

OPTIONAL POWDER COAT FINSH

Strong Hold Products also provides the option to powder coat our products. Product life is extended with powder-coating by providing excellent color retention, chemical and abrasion resistance. Coatings are consistent and environmentally safe. Additional fees may apply.

OPTIONAL LINE-X® COATING

In addition to our painting options, Strong Hold also offers the impenetrable Line-X® coating.

ADDITIONAL COLOR OPTIONS

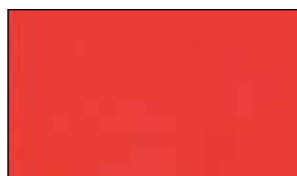

#10/Dark Gray

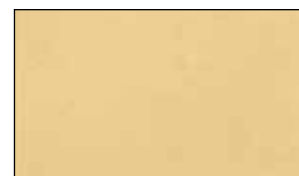

#20/Medium Gray

#30/Steeltone

#60/Signal Red

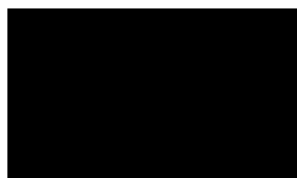

#70/Buf

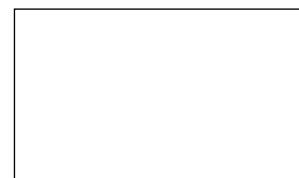

#40/Dark Blue

#50/Safety Yellow

#80/Midnight Black

#90/White

NOTE: Strong Hold can coat your product in virtually any color on the RAL color chart. The above representation of the colors is intended to demonstrate a handful of available options. Custom colors require longer product delivery times and often incur additional fees.

CUSTOM BRANDING OPTIONS

CORPORATE/TEAM COLORS

Our products can be painted to compliment your brand's colors. Our coatings utilize RAL colors. Simply give us your RAL number and we can match any color you provide.

CUSTOM LABELING

Strong Hold also offers labeling and product wrapping. Let us know if you'd like to include labels of your company logo, name, or anything else you may want to brand your products with.

CUSTOM SOLUTIONS

CUSTOM SOLUTIONS AVAILABLE FOR EVERYTHING WE BUILD

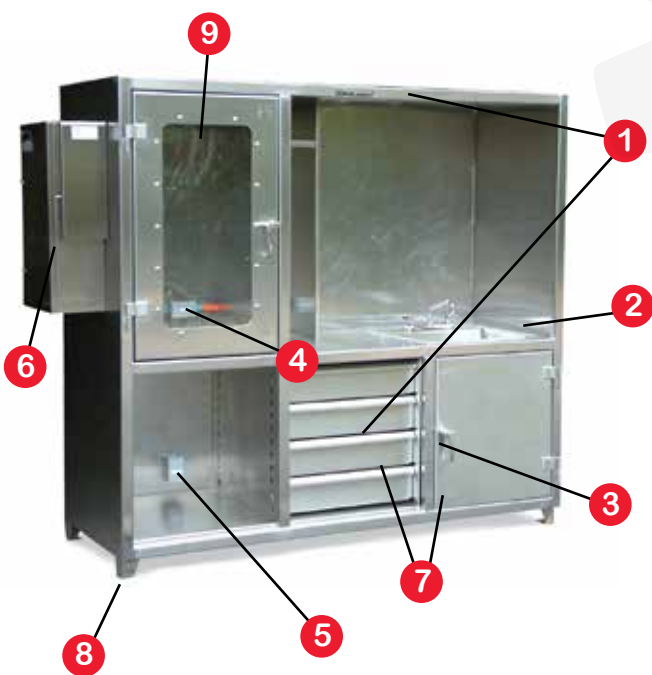

Strong Hold's custom design and build capabilities have earned us the reputation for creating innovative solutions to complex storage challenges. Many of our custom products become so popular they eventually "graduate" to our line of standard products.

Put our engineering/design team to the test. Let us know about your storage needs or challenges and we'll come back with an efficient, workable solution.

We can easily take an existing item within our existing product lineup and customize it by dimension, type of locking mechanism, top, legs, doors, etc. The possibilities are endless. To see a wide list of options and accessories flip to the back of the catalog.

In addition to modifying an existing unit Strong Hold also offers design assistance in building total-custom solutions. Don't see a product that matches your needs exactly? Don't worry, we staff a full house of design engineers and draftsmen (and women) who can put your idea to paper and we will let you know exactly how much it will cost and the time it will take to make it.

Eliminate the guesswork and contact a Strong Hold Product Specialist today.

POSSIBLE CUSTOM COMBINATIONS

- 1** Completely stainless steel unit
- 2** Interior plumbing and sink integration
- 3** Countless locking options
- 4** Integrated heating and cooling units available.
- 5** Electrical outlets, surge protection, wiring
- 6** Exterior breaker boxes
- 7** Custom door and drawer sizes
- 8** Legs, casters, side skirts, flush to floor, fork lift pockets, etc.
- 9** Clearview doors, ventilated doors, solid doors, sliding doors, roll-up doors, etc.

INDUSTRIAL CABINETS

CLASSIC SHOP STORAGE

ALL-WELDED, ONE-PIECE DESIGN, TOUGH, RUGGED, DURABLE MANUFACTURING EQUIPMENT

Strong Hold's all-welded EXTRA HEAVY-DUTY storage cabinets are the smart way to secure and store equipment. Manufactured from 12 GA steel, these cabinets have all the Strong Hold qualities to last a lifetime.

These features include adjustable 14 GA shelves with up to 1900# capacity each and can be adjusted in 2" increments. The 3-point locking device includes a hasp built into the handle for use with a padlock. The 7 GA legs are welded on to provide mobility in lifting in order to move from one area to another.

QUICK SHIP ITEMS

SHIP WITHIN 3 DAYS OF ORDER

NO ASSEMBLY REQUIRED

ALL ITEMS COME IN DARK GRAY UNLESS OTHERWISE REQUESTED

OUR MOST POPULAR: INDUSTRIAL CABINET

YOU HAVE MADE THESE OUR BEST SELLING CABINETS. These heavy duty 12 GA steel models provide protection for valuable tools and machine parts. These cabinets are built for "rough and tough" industrial use. More shelves can be added for versatility.

DOUBLE SHIFT CABINETS WITH DRAWERS

Double shift cabinets offer plenty of storage space for tools, equipment and supplies. A full-height partition divides the cabinet in half. With two independent locking compartments that includes a 3-point locking system, your valuables can be kept safe. The shelves have capacity up to 825 lbs. per shelf and the drawers have a payload each of 400 lbs. The ball bearing slides enable the drawers to glide smoothly.

ASSET PROTECTION

ALL-WELDED, ONE-PIECE DESIGN, TOUGH, RUGGED, DURABLE MANUFACTURING EQUIPMENT

Strong Hold's industrial computer cabinet with retractable keyboard allows users to lock up all their computer accessories at the end of the day while protecting the unit from rough environments. The retractable keyboard drawer unit measures 20" W x 22" D x 3" H. The polycarbonate window allows a clear view of the monitor. A seven outlet, 15 amp, 110-volt power strip and a fan for filtration and ventilation come installed. The top door is secured by a latch that can only be opened when the bottom doors are unlocked. This provides security for your monitor and tower. The center shelf is perforated to keep equipment cool.

The lower storage area comes complete with two full-width adjustable shelves to hold 1900 lbs. of tools or other supplies.

BIN CABINETS

THE “5S” SOLUTION SORT, STRAIGHTEN, SHINE, STANDARDIZE, SUSTAIN

ALL-WELDED, ONE-PIECE DESIGN, TOUGH, RUGGED, DURABLE MANUFACTURING EQUIPMENT

Strong Hold Products has taken our heavy-duty storage cabinet a step further with this all-welded bin storage unit. Organize, store and secure small parts in these 12 GA steel bin cabinets. With a 3-point locking system, padlock hasp, and sturdy 7 GA legs, these cabinets are designed for industrial environments.

The bins are constructed of polypropylene and have a hopper front with label holder. They can be removed for easier part selection and restocking. As seen on the following pages, we offer a variety of bin cabinets. We recommend that these cabinets be anchored to your floor or wall.

Bin colors can be changed and all cabinets can be ordered without bins. Ask a sales associate or your local dealer for additional information.

TOOL CARTS

TOOLS IN MOTION

ALL-WELDED, ONE-PIECE DESIGN, TOUGH, RUGGED, DURABLE MANUFACTURING EQUIPMENT

Strong Hold's roll-around tool carts and mobile workbenches keep valuables safe and secure. Their rugged design makes these tool carts the ideal maintenance workstations on wheels. These units feature a 7 GA work top with side and back guards to prevent tools and parts from falling off the working surface. Several different drawer and shelf configurations are available. Each drawer holds up to 400 lbs. The combination of 6" high rigid swivel casters with brake and with 2" wide polyurethane wheels makes maneuvering easy and can withstand up to a 2000 lb. load. A handle is provided for steering.

SERVICE CARTS

SERVICE AT THE READY

ALL-WELDED, ONE-PIECE DESIGN, TOUGH, RUGGED, DURABLE MANUFACTURING EQUIPMENT

StrongHold's service carts with 3 shelves make the moving of heavy machine parts and tools from shop to assembly areas simple. Corner uprights are made from 2" x 2" x 1/4" angle, with 12 GA shelves. The shelves have a 3" lip on all sides to prevent material from slipping off. A handle is provided for steering. The sturdy 6" high swivel casters with 2" wide polyurethane wheels make maneuvering easy and most can withstand a 2000 lb. load. The units come available in two sizes with two and three shelves available.

STAINLESS STEEL

EVERYTHING STAINLESS

ALL-WELDED, ONE-PIECE DESIGN, TOUGH, RUGGED, DURABLE MANUFACTURING EQUIPMENT

Strong Hold has taken the same quality that stands strong in our 12 GA hot-rolled steel and incorporated it into the 12 GA, #304, stainless steel. The adjustable shelves with up to 1900 pound capacity, shelves adjusting on 2" centers, 3-point locking system and 7 GA welded legs produce the strongest storage product available in the market today.

We have taken stainless steel storage to another level by producing products that will last a lifetime. These items are corrosion-resistant, acid-resistant, and will take the everyday abuse in an industrial environment.

TERMS AND CONDITIONS

WARRANTY

Strong Hold Products warrants all goods of our manufacture to be free from defects in material and workmanship under normal use and service. Any goods found to be defective, upon examination by us, within 12 months from date of shipment, shall be repaired or replaced by us without charge, FOB factory within the continental United States. All export taxes, fees and duties occurring from warranty shipments beyond the continental United States will be the customer's responsibility.

This warranty shall be null and void and of no effect unless we are notified of such defect, all within 12 months from date of shipment. Such notification shall be directed to the office of **Strong Hold Products**. No goods shall be returned without prior written approval.

Explicitly excluded from this warranty are: special finishes and labor required to remove and/or reinstall original or replacement parts.

This warranty does not cover damage caused by improper installation, overloading, accident, improper storage, or neglect, alterations, modifications, or additions.

Strong Hold Products warrants the items purchased from other manufacturers only to the extent of the normal warranty of these manufacturers.

The above warranties are given in lieu of all other warranties express or implied, including without limitation, the warranty of merchantability and the warranty of suitability for a particular purpose. It is expressly agreed that **Strong Hold Products** assumes no liability for liquidated damages arising out of a breach of contract, including any warranties arising therefrom, and buyer's remedy shall be limited to repair or replacement of defective parts as described above.

QUOTATIONS

Prices quoted are subject to receipt and acceptance of order within 30 days of the date of the quotation unless otherwise noted on quote.

TAXES

Strong Hold Products reserves the right to add sales tax, or any other tax, which may be imposed on our products, as required by law. All shipments into the State of Kentucky will carry the current state sales tax unless a resale certificate for the State of Kentucky is on file at **Strong Hold Products**.

TERMS OF PAYMENT

Payment terms are net 30 days to established customers. New customers must furnish credit references before credit can be issued. A credit line will be based on credit reference information received by **Strong Hold Products**.

CANCELLATIONS

Written consent from **Strong Hold Products** must be obtained prior to the cancellation of any order. Cancellation charges may apply.

RETURNED GOODS

Prior written authorization from **Strong Hold Products** must be obtained before credit on returned goods will be given. Returns shall be subject to a restocking charge and must be returned to **Strong Hold Products** freight "prepaid".

LOSS OR DAMAGE IN TRANSIT

Strong Hold Products shall not be liable for loss or damage in transit. The following steps must be taken to ensure proper handling of loss or damage claims:

- 1) Products received freight prepaid must be checked against the packing list to ensure all items were delivered. In case of shortages, note on the carrier's paperwork "Shipment Received Short". If shortage is not discovered upon receipt from carrier, **Strong Hold Products** must be notified of shortages within 24 hours of receipt to ensure a claim for loss can be filed. Shortages reported later than 24 hours carry no guarantee of replacement/credit.
- 2) Products received freight prepaid must be checked for damage upon receipt. In the case of damage observed upon delivery, note on carrier's paperwork "Received with Damage". Contact **Strong Hold Products** immediately. In the case of concealed damage, **Strong Hold Products** must be notified within 24 hours of receipt in order to report concealed damage to the carrier. Failure to report concealed damage within 24 hours may result in loss of repair costs/replacement of product.
- 3) Products received freight collect must be checked for damage upon receipt. In case of damage observed upon delivery, note on carrier's paperwork "Received with Damage," **Strong Hold Products** will not be responsible for any damage or loss on collect shipments. Freight claims rest solely with the consignee.

DELIVERIES

Delivery dates are estimated dates only, and unless otherwise specified, are estimated from the date of receipt by **Strong Hold Products** of purchase order, complete technical data and approved drawings.

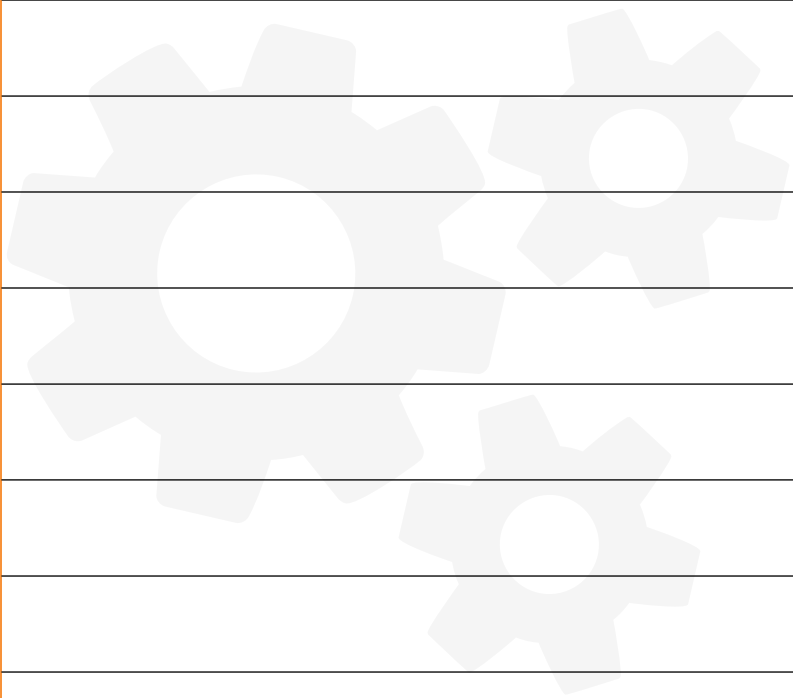

In estimating such dates, no allowance will be made, nor shall we be liable directly or indirectly, for delays of carriers or delays from labor difficulties, shortages, strikes or stoppages of any sort, fires, accidents, failure or delay in obtaining materials or manufacturing facilities, acts of government affecting us directly or indirectly, bad weather or any causes beyond our control or causes designated as Acts of God or forces of nature by any court of law, and the estimated delivery dates shall be extended accordingly. We will not be liable for any damages or penalties, whatsoever, whether direct, indirect, special or consequential, resulting from our failure to perform or delay in performing unless otherwise agreed in writing by an authorized officer of **Strong Hold Products**.

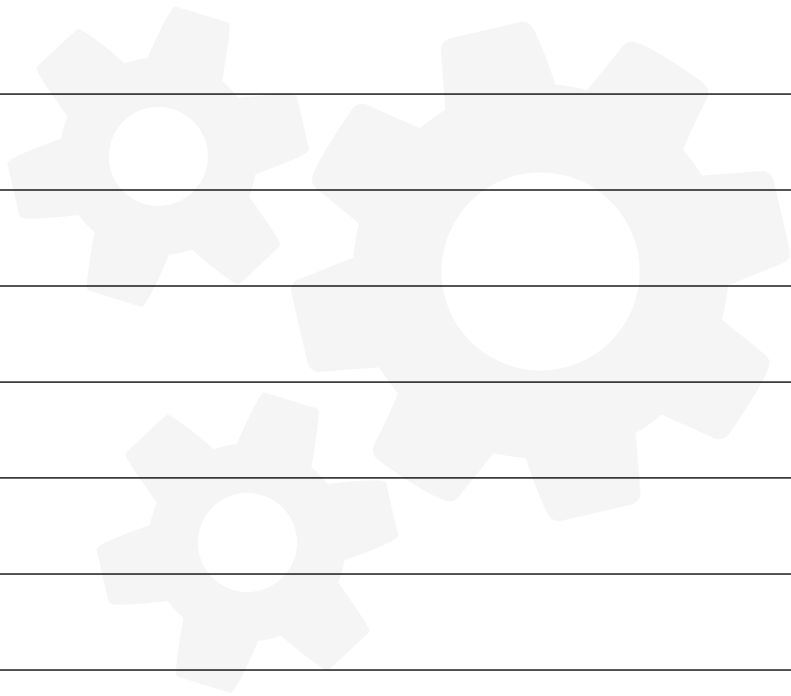

FLATBED SHIPPING

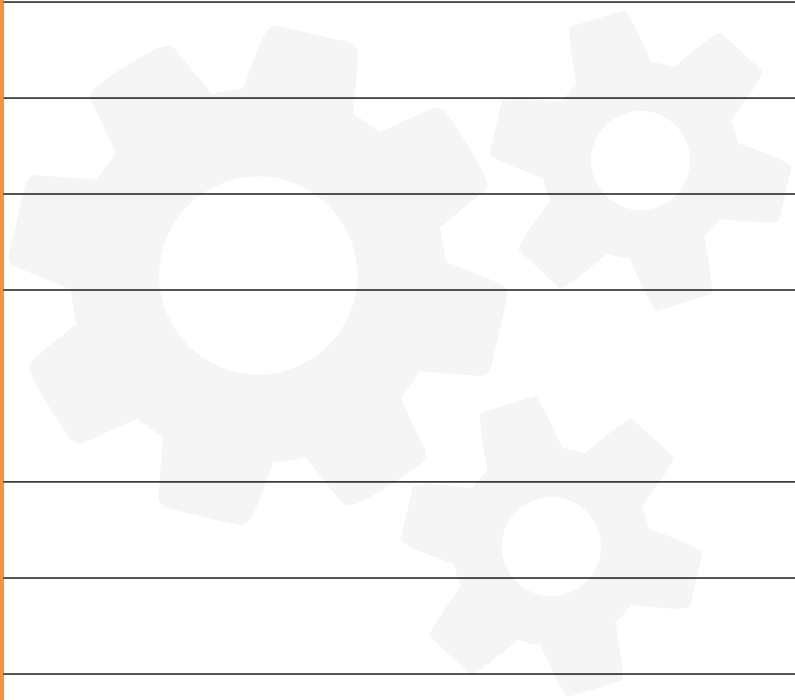

Orders that require a flatbed delivery will have a minimum charge of \$300 and SHP will not be liable for any weather related damages.

FOR SPECIAL DESIGNS AND/OR APPLICATIONS NOT SHOWN IN OUR CATALOGS, PLEASE CONSULT STRONG HOLD PRODUCTS.
