

FLDL Series

*Dock loading light
with flexible arm*

Description

The FLDL series dock loading lights from Tri Lite combine the strength of a standard dock light arm with the added flexibility of a heavy impact absorber to create an incredibly durable product. The FLDL will withstand blows from fork lift trucks and dock doors. Protect your investment by utilizing the Tri Lite FLDL series dock light in 40", 60" or 90" arm length. Lamp head options include your choice of cool durable polycarbonate, metal, energy efficient high pressure sodium or our protective food service lamp head.

Specifications

Arm Plug.....NEMA 5-15P
 Arm Socket.....IEC C-14
 Light Head Plug.....IEC C-13
 AC Voltage.....115V
 Max. Wattage - Polycarbonate.....150W
 Max. Wattage - Metal.....300W
 Max. Wattage - HPS.....50W

Features

- Rubber enclosed shock absorber allows arm to deflect when struck by doors and lift trucks.
- Durable design and construction reduces maintenance costs.
- Economically priced.
- UL listed.
- Lamp cover included.

Typical Applications

Excellent for all types of dock loading applications including:

- Warehouse loading docks.
- Rail car loading platforms.
- Cargo container facilities.
- Work lights.
